CHANDRIKA M

Chennai | +91-9042200974 | chandrika992006@gmail.com | LinkedIn | GitHub | Portfolio

Education

St. Joseph's Institute of Technology, Chennai — Expected Graduation: 2027
BE-Computer Science and Engineering — CGPA: 8.93/10

Government Girls Higher Secondary School — 2023
Higher Secondary School — Percentage: 88.5%

Technical Skills

Languages: Java, JavaScript, Python
Web Development: HTML5, CSS3, Tailwind CSS, React.js, Vite, Node.js, Express.js, CRUD
Databases: MongoDB, SQL
Tools & Platforms: Vercel, Render, Postman, Thunder Client, Figma, Canva, Git, GitHub
Core Skills: DSA, OOPS, DBMS, SDLC

Experience

Frontend Developer Intern — July 2025 – September 2025
ZUNTRA Digital (Offline, 3 Months)

- Implemented responsive HRMS features for 50+ users, ensuring seamless usability across mobile, tablet, and desktop.
- Engineered reusable UI components and animations, directly enhancing the experience for all 50+ HRMS users.

Technologies: React.js, JavaScript, Tailwind CSS, Vite

AI/ML Intern - Live Demo | GitHub — February 2026 - April 2026
Infosys Springboard Virtual Internship 6.0 (Batch 13) – ReviewSense

- Created ReviewSense to analyze 5,000+ customer reviews using sentiment analysis and NLP techniques.
- Built a Streamlit dashboard visualizing sentiment trends and keyword insights across the full 5,000+ review dataset.

Technologies: Python, Streamlit, Pandas, NumPy, TextBlob, Matplotlib, Seaborn, WordCloud, Regex, CSS/HTML

DevOps & Testing Engineer Intern — July 2026
YUCI India - Asia University Ranking Platform

- Tested FastAPI APIs using Python, Pytest HTTPX, contributing to 296 passing tests across core modules.
- Set up Docker, GitHub Actions CI, Alembic migrations Redis caching for backend deployment.

Technologies: Python, PostgreSQL, Pytest, CI/CD, Docker, GitHub Actions, Render

Projects

Movie Ticket Booking Platform — Live Demo | GitHub

- Built a full-stack movie ticket booking platform with role-based authentication, powering 2 separate dashboards for admin and user roles.
- Designed an end-to-end booking flow with movie browsing, seat selection, and integrated payment processing via Stripe.
- Developed an admin dashboard with a RESTful API backend for managing bookings, shows, and revenue data.

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, JWT, REST API, Stripe, Cloudinary, Render, Vercel.

RealEstate Property Booking Platform — Live Demo | GitHub

- Architected a full-stack property booking platform with role-based authentication, powering 3 separate dashboards for buyer, seller, and admin roles.
- Structured an end-to-end property workflow spanning listings, inquiries, wishlist management, and real-time chat.
- Developed an admin dashboard with RESTful APIs for seller verification, property approval, and listing management with secure JWT authentication.

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, JWT, REST API, Socket.IO, Cloudinary, Render, Vercel.

AI-Powered Citizen Grievance Management System — GitHub

- Built a full-stack civic grievance platform with role-based auth, powering citizen, officer, and admin dashboards.
- Enabled image-based issue auto-classification (YOLOv8) and voice-to-text complaint submission.
- Built GIS tracking with Leaflet.js and an auto-dispatch algorithm assigning complaints by jurisdiction and workload.

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, Python, Flask, YOLOv8, Leaflet.js, open ai, REST API.

Certifications

Meta Front-End Developer Professional Certificate [link]
MongoDB Certified Associate Developer [link]
Cisco Networking Basics [link]
NPTEL- Python for Data Science, DSA Using Java, Database Management Systems, Design Thinking [link]
Linguaskill Business English (B2 Level – 164/180) [link]

Achievements

- Solved 300+ problems on LeetCode, 1000+ on SkillRack, plus GfG and HackerRank; full profile on Codolio.
- Won an internship offer at Zuntra Digital via Blaze — A Trial hackathon, and reached the Top Finalist Team in GreenHack 2.0.
- Authored "Fairness-Aware Explainable Deep Learning Model for Early Sepsis Prediction Using ICU Time-Series Data," accepted for publication at ICITEICS.
- Received a Certificate of Merit and Rs.10,000 cash prize for achieving a 9+ CGPA in Semester 2.
